

# Dr Eliza Moldovan

MD PGDip Diabetes

## NHS Practices

Variable across Medway, Kent

## Professional Profile

I am a competent, reliable and compassionate general practitioner, committed to give in my best in any situation. I currently work in local practices throughout Medway area providing quality services within the NHS.

I have an interest in preventing, early identification and optimal management of people with type 2 diabetes. I am currently undertaking a Master in Diabetes.

I also have an interest in Women's Health in Primary Care. In this respect, I can provide advice relating gynaecological symptoms, menstruation issues, contraception and hormonal problems.

## Special Interests

Women Sexual Health and Contraception, Diabetes Mellitus
