Professional Profile

Mr Mohsen El Gammal has over 20 years of experience solely dedicated to breast surgery and breast reconstructive surgery. He undertook his specialist training in the UK and Spain. He is on the GMC Specialist Register for Breast surgery, European Board Certified in Breast Surgery (FEBS) and The Association of Breast Surgery (ABS)(BASO)(ESSO).

Mr El Gammal is a keen believer in patient centered care and works together with his patients and his team to provide the best care within strict evidenced based practises. He has published numerous peer-reviewed publications in highly respected international medical journals and conducted world-wide presentations in his field of expertise.

With the state-of-the-art facilities and innovative technology available at KIMS Hospital, Mr El Gammal and his team will ensure you have a prompt, safe, and a lifelong quality care.
